Projects

Attendance System | https://attendance-frontend-taupe.vercel.app/

A web app where users log time in and out. The app calculates hours worked and adds them to the total. Solves our internship problem of having manual attendance.

Password Manager | https://yale-v2rk.onrender.com/

An app where users save passwords for different services and generate strong, secure passwords when needed.

Income and Expense Tracker | https://simplifiapp.onrender.com/

My income and expense tracker is a user-friendly application designed to help individuals effortlessly monitor their financial inflows and outflows.

Education

Asian Development Foundation College
Tacloban City
Bachelor of Science in Computer Engineering | Undergraduate
September 2022 - Present

Certifications

Computer Systems Servicing NC II
TESDA | Issued: August 2025

Creative Web Design
TESDA | Issued: August 2025

Web Development Bootcamp
UDEMY | Issued: February 2023
